AGENDA

Pathways in Canada

We will be sharing what makes pathways in Canada unique.

Partnership Types

We will explain the differences between our public and private partners.

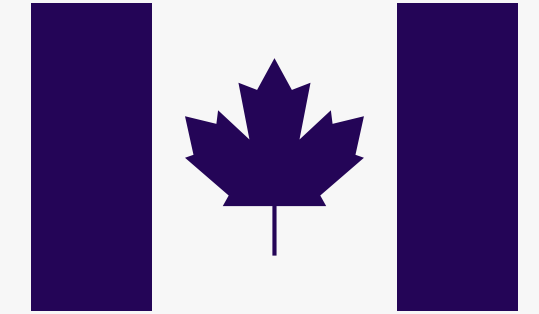

* UPDATE: New * Enhanced Partners

We will be sharing our brand new enhanced partnerships with private career colleges.

Applications

We will go over the application process to ensure everyone is on the same page.

K Pathways in Canada

DIRECT TRANSFER

Students who study at Kaplan can use their English level and EAP certificate toward direct transfer to our post-secondary partner schools in lieu of a TOEFL or IELTS score.

WORKING WHILE STUDYING

In many countries, international students cannot work. This isn't the case in Canada. International students can work up to 20 hours per week while studying in a 6 month+, full-time program, and 40 hours during semester breaks.

QUALITY EDUCATION

Canada's well-funded, internationally-renowned post-secondary institutions attract top professors and offer courses tailored to a changing economy.

IMMIGRATION

Canada's Express Entry immigration system offers bonus points to people with Canadian study and work experience, with further emphasis on language, skills, and age. **Canada's immigration target is VERY high for the next 3 years: 1.2 million by the end of 2023.**

Private Career Colleges

KAPLAN'S NEW CAREER COLLEGE PARTNERSHIPS!

This is Part Two of our 'Enhanced Partnership Launch'. The private career college packages we have designed in partnership with these institutions are for students who are interested in studying for 1 year or less at a private institution known for academic excellence, work placement opportunities, and exclusive perks for Kaplan students. These institutions meet Kaplan's standard of high-quality education while still providing students flexibility and customized study programs.

Academy of Learning Career College- Programs

In partnership with Kaplan, AOLCC offers certificate and diploma programs in business , hospitality, healthcare, legal studies, payroll, and IT that vary in length and focus. Kaplan students can benefit from tailoring their studies to their personal needs. Students can opt to take just one or two courses of their choice and receive a certificate, or they can pursue an entire program. There are several co-op options already built into their programs, but they will also assist Kaplan students in finding a placement for their non co-op programs.

CO-OP IN CANADA

What is it?

- A program where students get the chance to work in an industry related to their field
- Most co-op programs are structured so that each term or semester of schooling is alternated with a term or semester of work
- Students are paid for their work

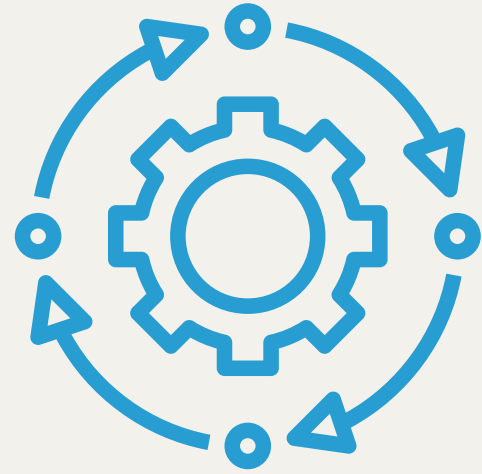

What are the benefits of co-op?

- Students gain real industry experience
- Employers may hire students as permanent staff after graduation
- Canadian work experience

How do students find their co-op jobs?

- Our post-secondary partners have designated co-op departments that work with students to assist them in securing an interview and placement

Note: This calibre of co-op opportunities can only be found at premium private institutions.

THE APPLICATION PROCESS

A step-by-step overview, from the initial inquiry to obtaining a CLOA

1. INITIAL CONTACT

Sales Advisor/UPS Advisor collects [UPS Inquiry Form](#) (preferred), Kaplan pre-arrival test, high school and university transcripts.

2. PROGRAM SUGGESTIONS

Once the UPS Advisor receives the documents, they will send 2-3 program suggestions and admission requirements.

3. STUDENT ENROLMENT

Sales Advisor processes KI enrolment, books the student under the English for Academic Pathways Program + UPS.

4. APPLICATION

The UPS Advisor prepares the application and requests further documentation from the sales advisor or agent if needed.

5. CLOA

If accepted conditionally, the UPS Advisor sends acceptance package to the student and/or agent, and explains next steps.
